Respected Sir,

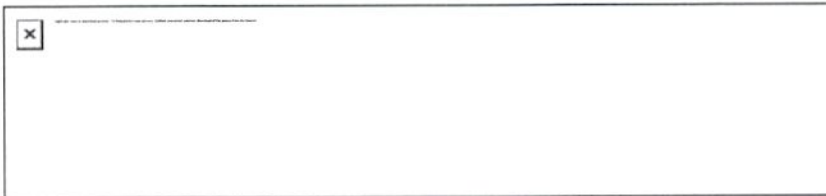

Through our local newspaper we have seen that there is a shortage of Wheat and Flour in Jordan as the business has been handed over from the Government Sector to the Private Sector on account of which during the last few weeks there has been trouble in Jordan for rise in Flour Cost including Finish Breads and Confectionary Items.

We are enclosing a tender for export of Wheat; please circulate this tender among the Flour Mill / Flour Mill Association of Jordan for taking part in this tender so that it can export before 30<sup>th</sup> June, 2018.

Thanks for your cooperation.

Best Regards,
