Korea Business Center, Amman
Commercial Office, The Embassy of the Republic
of Korea

Dear Mr. Muhannad L. Attar

Director General
Amman Chamber of Commerce

Good day to you.

We, the Commercial Office of the Korean Embassy (KOTRA) in Amman Jordan, are designated to enhance mutual cooperation and support between Jordan and Korea.

KOTRA has been dedicated to promoting Korea's trade and investment with its 127 business centers in 86 countries. We will continue to do our utmost to be an essential bridge between you and Korean companies and serve as your global business platform.

I would like to take this opportunity to briefly introduce one of our main activities which support newly exporting for Korean companies

KOTRA will administer the newly launched support newly exporting Program for Korean companies, which will connect export experts with local businesses to develop strategic plans to enter new overseas markets. This program will help small businesses learn about export opportunities and government services available to support their international business initiatives.

Regarding the title above, we are respectfully requesting your cooperation. Attached you will find a concise summary of each of Korean companies for your kind perusal.

It would be highly appreciated if you could broadcast these Korean company database online and in your list of approved suppliers to share with members of chamber of commerce as it can be easily overlooked during cost & time-cutting.

The company deals with a varied range of product, such as; Photographic, Materials Handling & Storage, Industrial Products, Hardware, Building Materials, Interior Decor Products, Medical Equipment & Pharmaceuticals, and Chemical Products & Specialty Products, Auto spare parts etc.

If you have any questions about any aspect of our work please do not hesitate to contact me at any time.

I look forward to hearing from you as soon as possible and Please provide your comments on this.

We wish your sincere cooperation.

Best Regards,

Jung Hyun, Lee
