1. Foreign Trade Fair Participation Programmes of Germany (AMP) 2018
2. German Trade Fair Quality Abroad (GTQ) 2018

Dear Madam or Sir

We are pleased to present to you the newly published AMP- and GTQ-
Calendars 2018.

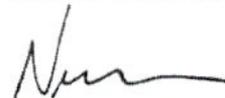

With the focus on exhibitors showcasing products "made in Germany", the
AMP-Calendar provides information and advisory guidance for exhibiting
in the Foreign Trade Fair Participation Programmes of Germany and the
federal states. You also find information about the trade fairs in the pro-
grammes in English on our website www.auma-fairs.com.

The GTQ-Calendar 2018 informs you about the events in foreign countries
conducted by German trade fair organizers, who offer their know-how to
companies all over the world. This time, more than 300 trade fairs abroad
are listed in the brochure.

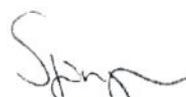

Both planners are free of charge. Please do not hesitate to contact us for
more copies (info@auma.de).

Best regards

AUMA – Association of the
German Trade Fair Industry

Dr. Peter Neven

Marco Spinger
